**Date:** February 3, 2020

Harrisburg - Pennsylvania's Department of Education is working towards a safer campus experience for students as part of the 'It's On Us PA' campaign.

'It's On Us PA' unites students with presidents, superintendents, administrators, teachers, and community members to reframe the conversation around sexual violence and work towards a solution. Since 2016, the state has awarded 113 grants totaling nearly \$3 million to more than 60 higher education institutions across the Commonwealth - to fund strategies that work towards the goal of a safe campus environment, free from harassment and violence.

The program is part of a nationwide movement also called 'It's On Us'. The national organization was created by President Obama's administration. There are 36 colleges and universities with chapters across the commonwealth; including

WiseGuyReports.com adds 'Global Adult Education Market Size, Status and Forecast 2020-2026' reports to its database.

PUNE, MAHARASTRA, INDIA, February 12, 2020 / EINPresswire.com / -- Adult Education Market:

#### Executive Summary

This report is a product of a comprehensive analysis of the Adult Education market trends. This report covers an exhaustive study of the data that affects the Adult Education market with respect to the manufacturers, suppliers, market players, and customers. The report also includes an overview of the technological applications and strategies employed by market leaders. Apart from data compiled based on type, application, and region, the study includes custom research for examining the intricacies of the global Adult Education market.

#### Segmentation

The report includes the various segments the Adult Education market is divided into. This includes product categories, revenue generation opportunities from these products, and consumer trends that drive the product demand. Geographical segmentation of the market covers North America, Latin America, Europe, and the Asia Pacific region, primarily. The key focus of the study that forms a basis for the segmentation is to attain thorough and effective insights into the Adult Education market.

#### Drivers & Constraints

The Adult Education market competitiveness is a result of the expansion techniques applied by market leaders. The market dynamics and trends play a substantial role in

market growth. This report focuses on the value chain, volume trends, and the factors that affect the pricing of the market. Growing global population and ever-changing consumer demands are the primary cause of market dynamics. Further, market restraints and limitations, and strategies used by businesses to overcome these limitations are included in the market study.

### Research Methodology

The report includes a comprehensive study of the various Adult Education market aspects. The overall research and analysis is derived from primary and secondary researches. The primary sources include interviews, surveys, and observations of seasoned analysts, and secondary sources cover reputed paid sources, trade journals, and industry body databases. Other research methodologies include the SWOT analysis and use of Porter's Five Force Model to derive market growth potential.

### Industry News

The key players in the Adult Education market are studied, and their strategies are analysed to arrive at the competitive outlook, prevailing growth strategies, and expansion potential. Further, the competitive landscape is due to the presence of market suppliers, vendors, numerous sales channels, and revenue options. Inputs from industry experts as well as market leaders, are a major consideration factor for this study. Parent market trends, micro and macroeconomic factors, government stipulations, and consumer dynamics are also studied in the formation of this report.

### Market Key Player

University of Alaska Fairbanks in Fairbanks, AK

University of Illinois at Springfield in Springfield, IL

Troy University in Troy, AL

University of Maryland University College in Adelphi, MD

University of Missouri–St. Louis in St. Louis, MO

Granite State College in Concord, NH

Peirce College in Philadelphia, PA

Northeastern State University in Tahlequah, OK

University of Texas at Arlington in Arlington, TX

Oregon Institute of Technology in Klamath Falls, OR

Temple University Japan

Hitotsubashi ICS

Waseda-Nanyang Double MBA programme

**Title:** Online Schools Report Publishes Ranking of Best Online Information Technology Degrees for 2020

**Author:** PR Newswire (*shared on multiple other sources as well*)

**Link:** <https://www.prnewswire.com/news-releases/online-schools-report-publishes-ranking-of-best-online-information-technology-degrees-for-2020-301009115.html>

**Date:** February 24, 2020

EUGENE, Ore., Feb. 24, 2020 /PRNewswire/ -- Online Schools Report has released their ranking of the Best Online Bachelor's Degrees in Information Technology. OSR, the new student resource site, based their ranking strictly on data, prioritizing the school's ability to deliver an online education comparable to an on-campus degree.

The world uses an incomprehensible amount of data. According to one estimate, in 2016 the world used one zettabyte of data. That's about a trillion gigabytes. It's tough to imagine, but most of that data doesn't just disappear. It has to be stored somewhere. With yearly data usage only going up, the world needs adept data curators to help us stay organized. The world needs information technologists.

OSR used six data points to determine the best information technology degrees. Three data points focus on the quality of the school, and three focus on the quality of the individual program. OSR included these programs in the ranking because their students graduate with minimal debt and have a great support system while in school. These schools are dedicated to delivering a quality information technology degree online.

For a detailed description of the methodology, visit [www.onlineschoolsreport.com/methodology](http://www.onlineschoolsreport.com/methodology).

Online education is getting bigger and better—and giving traditional college campuses a run for their money. Leading education researchers have predicted that online education will surpass traditional learning within a decade. Online Schools Report is here to ensure that these programs are held to the same standard as traditional education, while exploring the unique benefits of online programs.

Here are all the schools with the Best Online Information Technology Degrees:

American Public University System - Charles Town, West Virginia

Bellevue University - Bellevue, Nebraska

Broward College - Fort Lauderdale, Florida

Campbell University - Buies Creek, North Carolina

Capella University - Minneapolis, Minnesota

Colorado State University-Global Campus - Greenwood Village, Colorado

Colorado Technical University-Colorado Springs - Colorado Springs, Colorado

Columbia Southern University - Orange Beach, Alabama

Daytona State College - Daytona Beach, Florida

DePaul University - Chicago, Illinois

Florida International University - Miami, Florida

Franklin University - Columbus, Ohio

George Mason University - Fairfax, Virginia

Granite State College - Concord, New Hampshire

Indian River State College - Fort Pierce, Florida

Keiser University-Ft Lauderdale - Fort Lauderdale, Florida

Kennesaw State University - Kennesaw, Georgia

King University - Bristol, Tennessee

Liberty University - Lynchburg, Virginia

Monroe College - Bronx, New York

National American University-Rapid City - Rapid City, South Dakota

Northeastern University Professional Advancement Network - Boston, Massachusetts

Park University - Parkville, Missouri

Peirce College - Philadelphia, Pennsylvania

Regis University - Denver, Colorado

Salem International University - Salem, West Virginia

Seminole State College of Florida - Sanford, Florida

Strayer University-Alabama - Birmingham, Alabama

Tarleton State University - Stephenville, Texas

Trident University International - Cypress, California

University of Management and Technology - Arlington, Virginia

University of Nebraska at Omaha - Omaha, Nebraska

University of Phoenix-Arizona - Tempe, Arizona

University of South Florida-Sarasota-Manatee - Sarasota, Florida

Western Governors University - Salt Lake City, Utah

**Title:** Bachelor's Degree Center Releases National Rankings of Health Information Management Degree Programs

**Author:** PR Newswire (shared on multiple sources as well)

**Link:** <https://www.prnewswire.com/news-releases/bachelors-degree-center-releases-national-rankings-of-health-information-management-degree-programs-301011436.html>

**Date:** February 26, 2020

CHAPEL HILL, N.C., Feb. 26, 2020 /PRNewswire/ -- Bachelor's Degree Center (<https://www.bachelorsdegreecenter.org/>), a free guide to traditional and online bachelor's degree programs in all disciplines, has released four 2020 rankings of the best Health Information Management bachelor's degree programs in the US:

25 Best Bachelor's in Health Information Management Degree Programs for 2020 (<https://www.bachelorsdegreecenter.org/best-health-information-management/>)

15 Best Online Health Information Management Bachelor's Degree Programs for 2020 (<https://www.bachelorsdegreecenter.org/online-health-information-management/>)

10 Fastest Online Health Information Management Bachelor's Degree Programs for 2020 (<https://www.bachelorsdegreecenter.org/accelerated-health-information-management/>)

10 Most Affordable Online Health Information Management Bachelor's Degree Programs for 2020 (<https://www.bachelorsdegreecenter.org/affordable-health-information-management/>)

The Top 3 Best Health Information Management Bachelor's Programs for 2020 are: 1) University of Washington; 2) LeTourneau University; 3) Ohio State University. The Top 3 Online Health Information Management Bachelor's Programs for 2020 are: 1) University of Wisconsin; 2) Rutgers University; 3) Indiana University.

A complete list of all institutions ranked is included at the end of this release.

"A Health Information Management bachelor's degree program is one of the most popular paths for people who are eager to make a difference in patient care," BDC editors explain, "particularly at a time when the mandates of the Affordable Care Act and data-driven healthcare are more complicated." With our health care system more complex than ever, driven by data, health information management is one of the fastest-growing occupations. As the editors explain, a good HIM degree "prepares students with technical skills in coding, electronic health record (HER) systems, and classification software as well as a range of leadership, analytical, interpersonal, and communication skills."

For working adults in the healthcare system, already working in some area of administration or management, "Often further advancement is not possible without additional credentials in an academic framework." As BDC editors explain, an online program "offers students the flexibility to complete the coursework where and when it's most convenient to accommodate current work-and-family needs and scheduling requirements." The higher salary and greater chance for promotion leads working professionals in healthcare to complete their bachelor's online: "With the continually aging state of the population and longevity projections, the HIM degree salary outlook will improve." Bachelor's Degree Center's rankings are built to lead health information management students to the programs that will make a difference for their careers and income.

Bachelor's Degree Center has been providing advice, resources, and rankings on the best traditional and online bachelor's degree programs since 2014. Completely independent and unbiased, BDC is working to be the ultimate resource for new high school graduates, working adults returning to school, and nontraditional students.
